Objective

Performance Marketing Specialist passionate about leveraging data to optimize ad performance across Google Ads, Meta Ads, TikTok Ads and Snapchat Ads platforms, aiming to drive qualified leads and maximize ROI.

Professional Experience

Performance Marketing 07/2025 – Present | Mansoura, Egypt

- Efadh*
Lead the technical marketing team, overseeing campaign setup, tracking, and optimization across all digital platforms.
- Support the sales team by launching and managing lead generation campaigns aimed at attracting new clients to the company.
- Develop and execute data-driven marketing strategies to improve lead quality and reduce cost per acquisition (CPA).
- Coordinate between marketing and sales departments to ensure smooth handoff and nurturing of generated leads.
- Analyze campaign data using Google Ads, Meta Ads Manager, and CRM tools to monitor performance and identify growth opportunities.
- Implement retargeting, lookalike, and automation flows to boost conversion rates and customer engagement.
- Manage campaign budgets efficiently to maximize ROI and sustain continuous business growth.

Media Buyer 01/2025 – 07/2025 | Mansoura, Egypt

- Sapaq - سَبَّاق*
Business Analysis: Conduct in-depth market research to identify opportunities and optimize marketing strategies.
- Competitor Analysis: Monitor competitors' strategies and performance to refine marketing approaches.
- Media Planning: Develop and execute data-driven media plans to maximize campaign effectiveness.
- Trend-Based Product Selection: Identify trending products and strategically add them to the store to drive sales.
- Creative Development: Plan and prepare compelling creatives for ad campaigns to boost engagement and conversions.
- Paid Advertising Management: Run and optimize paid ad campaigns on Meta Ads, Snapchat Ads, Google Ads, and TikTok Ads to ensure high ROI.
- Audience Targeting & Performance Analysis: Utilize tools like Google Analytics and Microsoft Clarity to track, analyze, and enhance campaign performance.
- Scaling Strategies: Expand campaign reach using horizontal scaling (targeting new audiences and platforms) and vertical scaling (increasing budget on high-performing ads). Optimize creatives, bidding, and audience segmentation to maintain efficiency and maximize ROI.

Retargeting Strategies: Re-engage potential customers with dynamic retargeting ads based on their interactions. Use lookalike audiences to find similar high-value users and optimize performance to boost conversions and retention.
